What kind of power? People power!

Rise Up

We ain't gonna let nobody turn us around
Because the people united will stand our ground

We're gonna rise up and turn the world around

The people are ready so follow our lead
We'll put an end to the violence, the hatred and greed

None of Us Are Free

None of us, none of us, no of us are free
Until all of us, all of us, all of us are free

Which Side Are You On?

Which side are you on? (4x)

Come all you good people, sad news to you I'll tell
Of how the GEO Group has come in here to dwell

Corporate cops will gladly hire you and add you to their roll
You'll make a little money but you'll sacrifice your soul

If you're here in this country, due process is your right
They think if they take it away folks like us won't stand and fight

Our country fought fascism back in WWII
Now it's here in our own land and so I'm asking you

They'll lie and say it's normal, but we believe our eyes
Our neighbors will be suffering unless we organize

We must stand united, 'cause we know what fascists do
Today they come for immigrants, and soon they'll come for you

So go and ask the leaders of your state, county, and town
Will you turn your back on human rights
or will you shut Moshannon down?

I Send My Hope

I send my hope, I send my prayer
I send my strength to those resisting everywhere
May you stand tall, may you stay true
may you walk forward towards the work
you're called to do.
